

# Labels & check digits

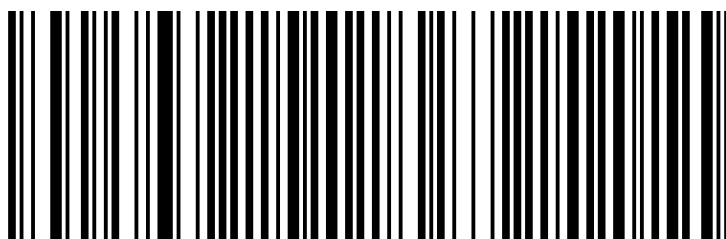

EAN keeps the classic split-digit layout; colors are free:

Any position and custom text:

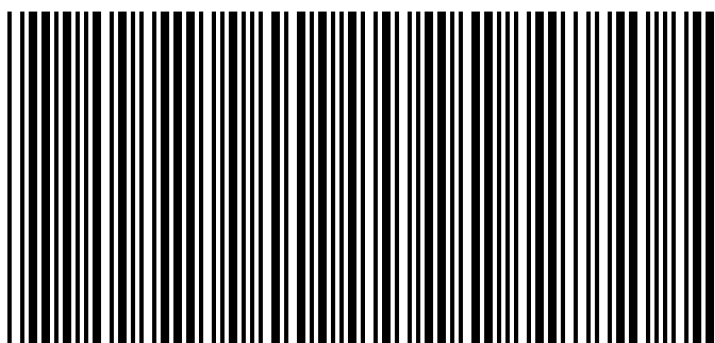

Ward 4 · Bed 12

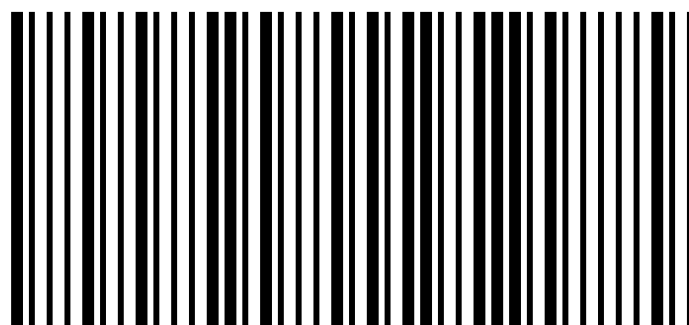

Code 39 with its label above, as on a warehouse rack:

RACK B-07/3

MSI with a chosen check-digit mode; the label shows the computed digits:

123456741

No label at all, for a code read only by machines:
