

Pre-departure checklist, research vessel

Tick the boxes in your PDF viewer. They are real form fields, and the ticks are saved with the file.

Vessel

- ☒ Fuel and fresh water tanks full
- ☒ Life rafts inspected, certificates on board
- ☐ Engine room log signed by the chief engineer
- ☐ Navigation lights tested after dark

Science party

- ☒ Sampling plan agreed with the captain
- ☐ Hazardous materials declared
 - ☒ Formalin, 20 liters
 - ☐ Liquid nitrogen, 2 dewars
 - ☐ Lithium batteries for the gliders
- ☐ Every scientist has completed the safety briefing

Before casting off

- ☐ Weather routing received for the first 72 hours
- ☐ Port authority informed of departure time
- ☐ Head count matches the crew list

With tasks: false the same list prints plain markers for a document that will be signed on paper.
